

Lenava LIMS

LAB MANAGEMENT, MADE EASY!

Have your lab in the palm of your hand!

With **Lenava LIMS** software deployed in your laboratory, every single process is under control. It projects a complete and consolidated overview of the samples, tests and workflows.

Lenava LIMS enables you to simultaneously track changes throughout the sample lifecycle. This software generates a comprehensive log of every action performed on samples.

Lab Management, In the most effective way!

Lab Management, Made Easy!

Lenava LIMS Features

Lab Management, Made Easy!

Lenava LIMS at a Glance

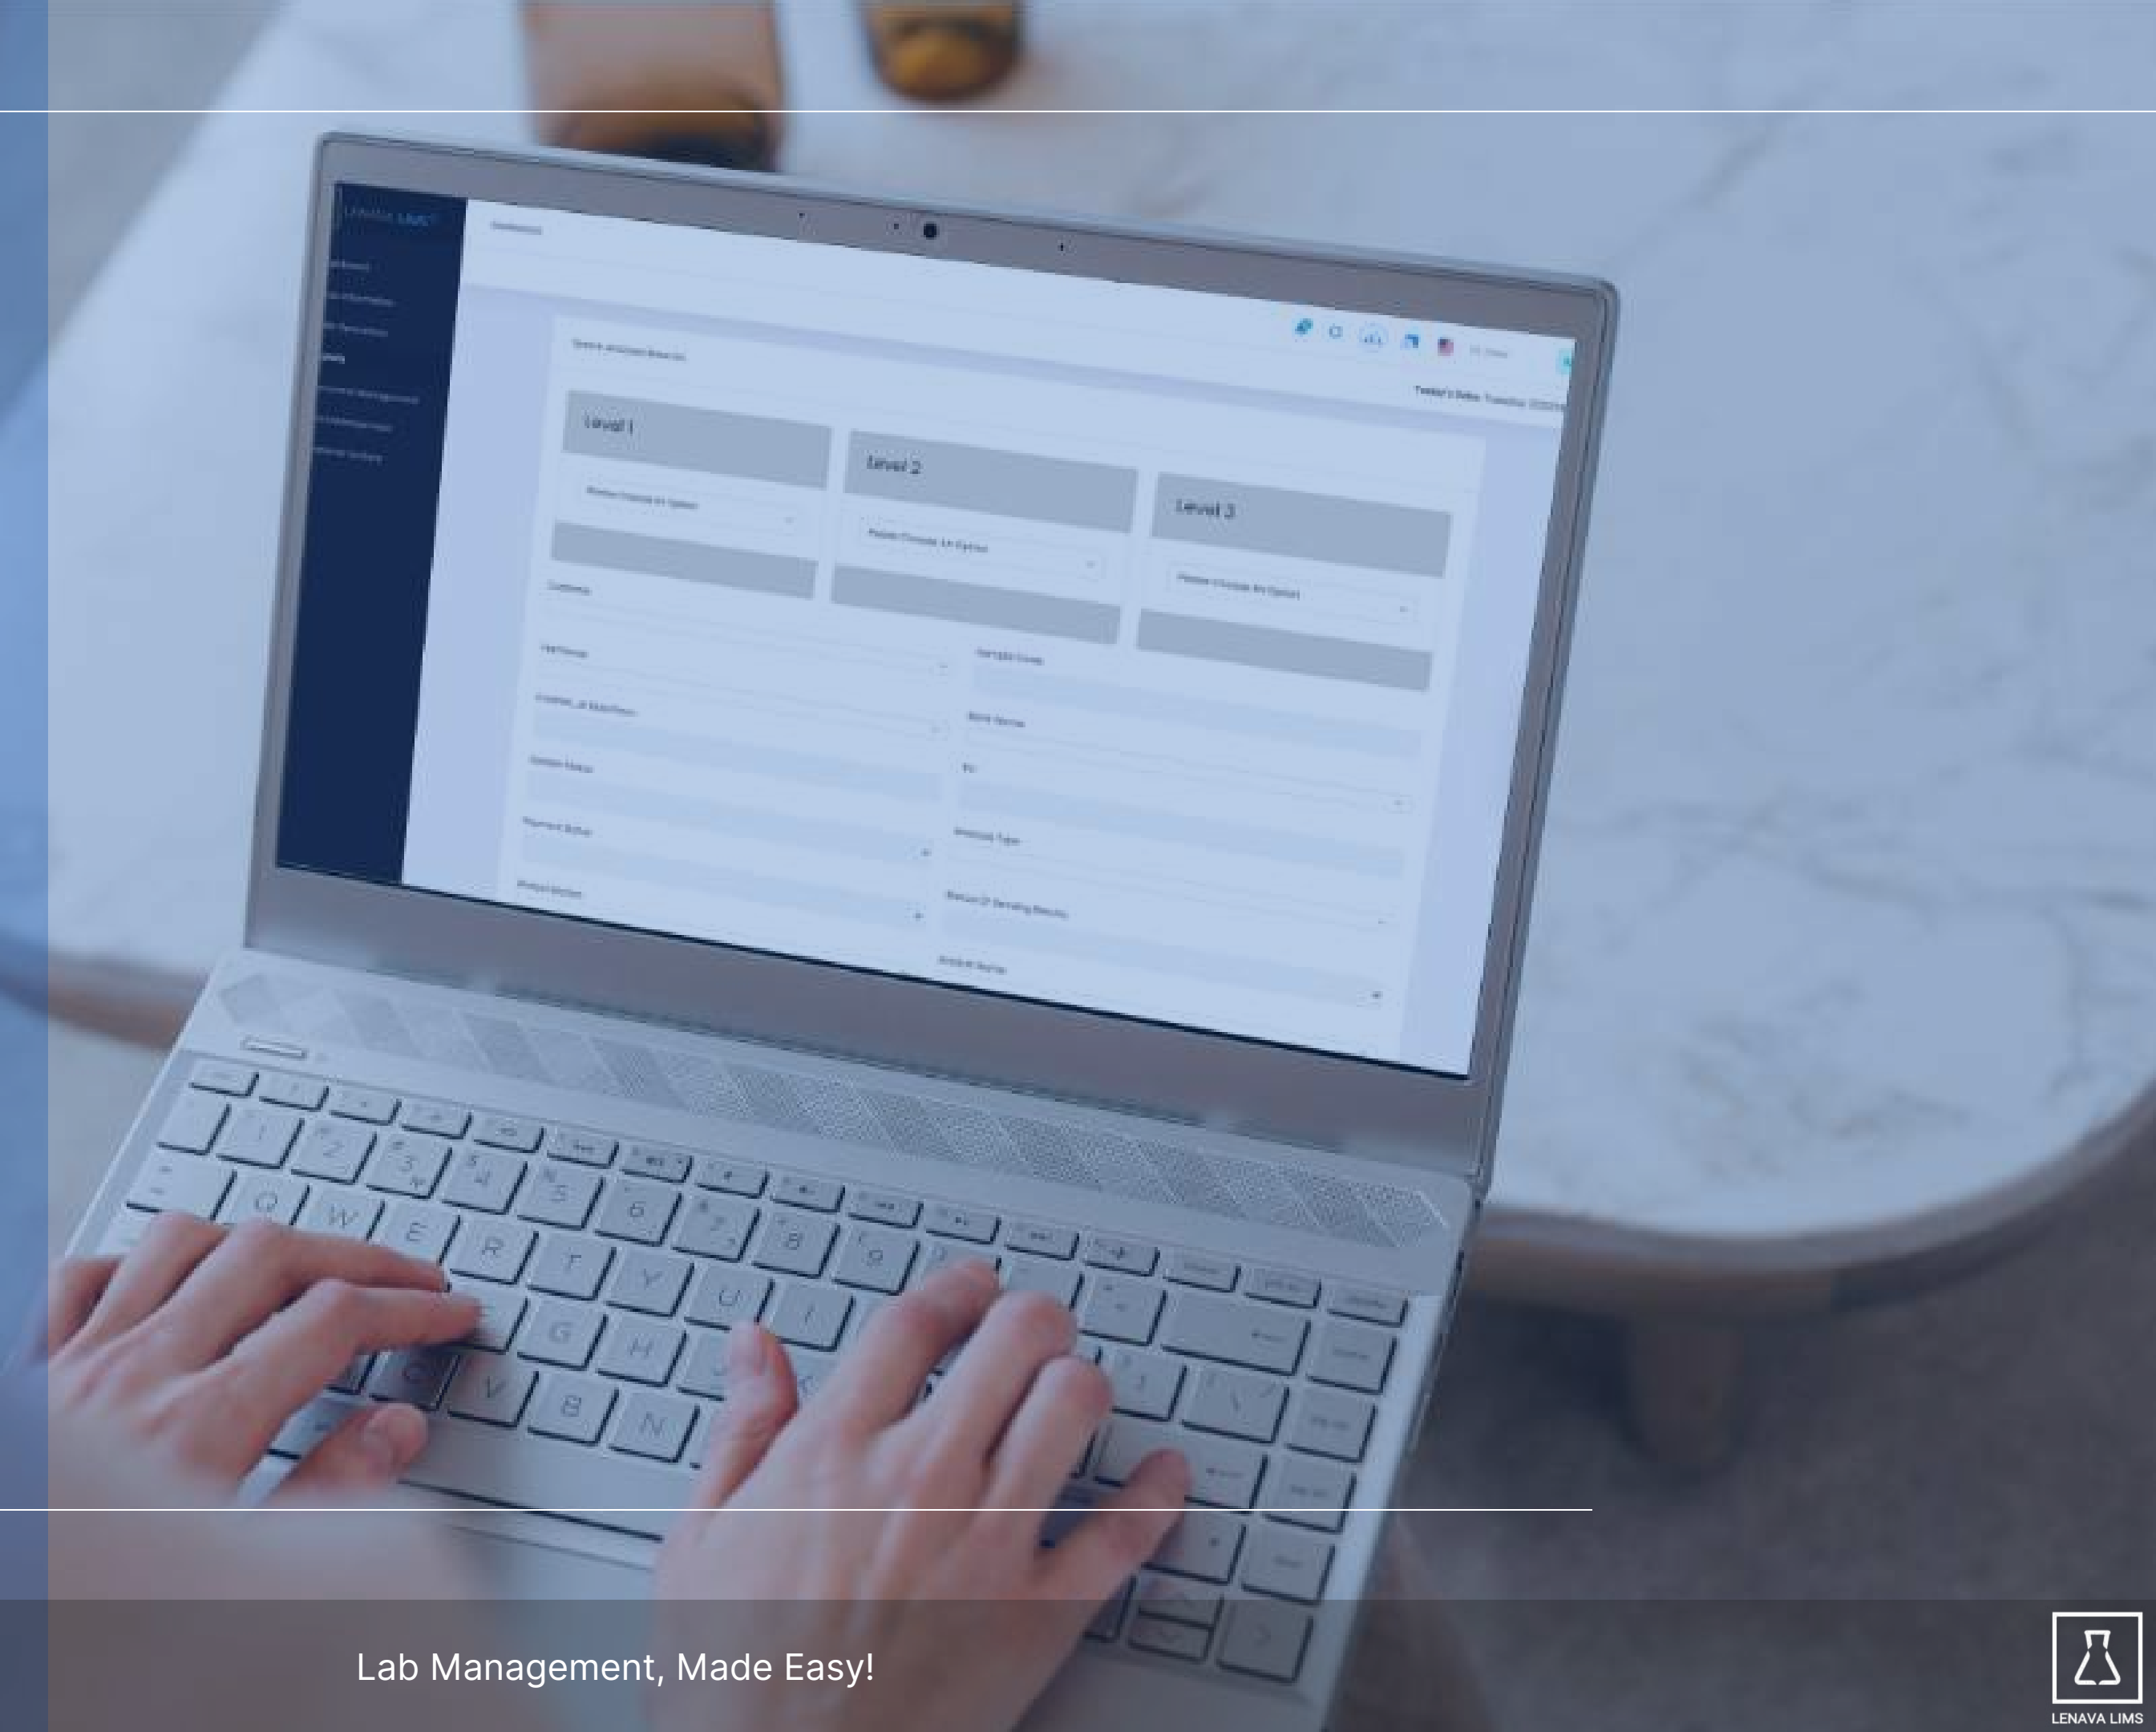

- Optimize Workflow
- Intuitive Interface
- Sample lifecycle control
- Cutting-edge Platform
- ISO 17025 Compliance
- Mobile Device Integration
- Instrument management
- Dynamic Scheduling
- Advanced Reporting

A male scientist with a beard and safety glasses, wearing a white lab coat over a blue shirt and purple gloves, is smiling and looking upwards. He is holding a white tube. In the background, there are laboratory racks filled with various tubes and equipment.

Top Technical Features

**How we
help you
to deliver
accurate,
efficient
and
reliable
results?**

Lab Management, Made Easy!

Sample, data and instruments management

With **Lenava LIMS**, you are able to go beyond sample accessioning and management as the core function of your lab management software. Instruments interfacing, calibration and maintenance are easily handled by **Lenava LIMS**.

Lab Management, Made Easy!

Data analysis and advanced reporting

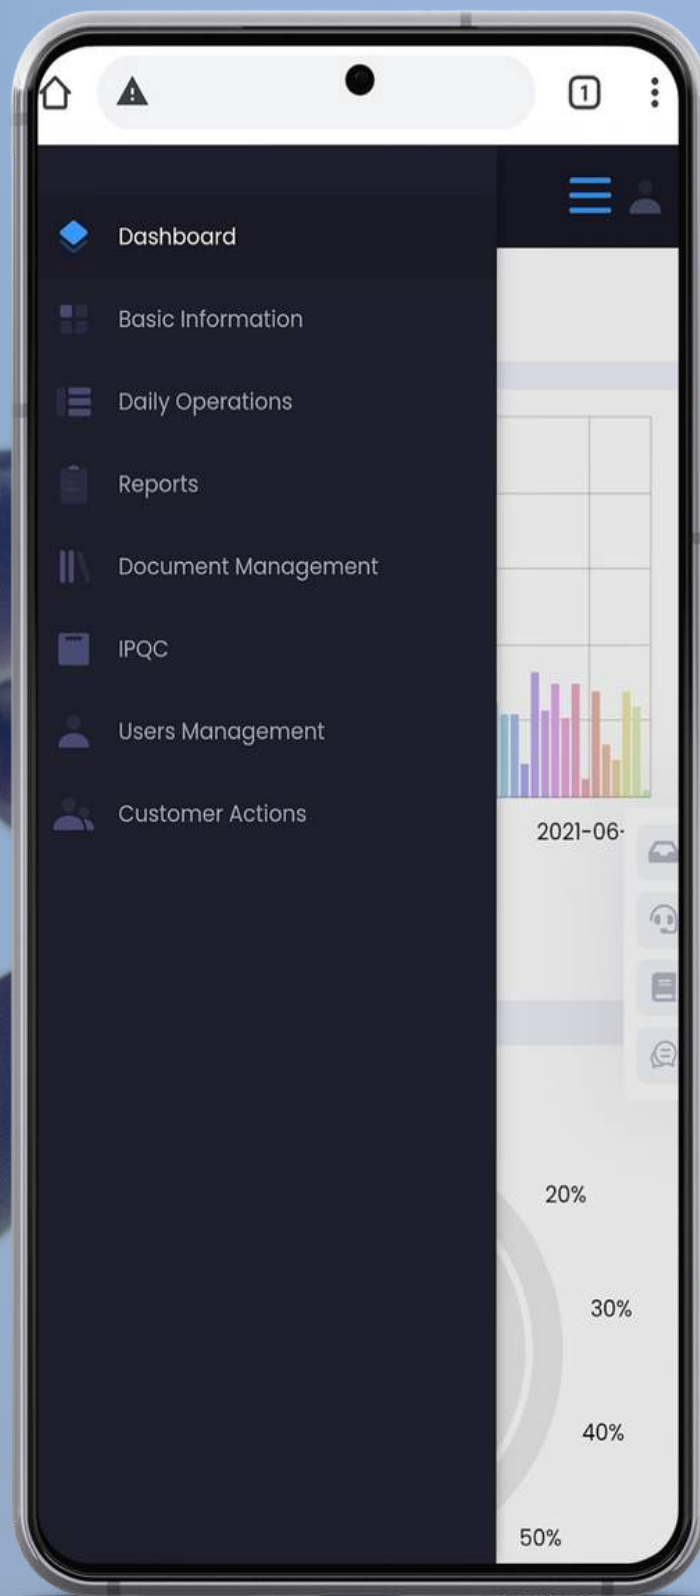

Analyzing and reporting data is one of the most important steps in every test. **Lenava LIMS** provides you with a complete and customizable set of data reporting tools like charts and graphs with advanced data analysis to help you have a better vision of lab experiments.

Workflow Management and process monitoring

Automation of lab workflow management results in cost efficiency and prevention of human errors. Accounting and customer relationship management enrich **Lenava LIMS** with additional LIMS functions.

Your lab account assistant

Lenava LIMS takes the place of an expert account assistant of every laboratory. **Lenava LIMS** financial features automate billing to make your lab software as compliant as possible with your lab financial processes.

Lab Management, Made Easy!

The background of the slide is a photograph of laboratory glassware. In the foreground, a rack holds several test tubes filled with a bright blue liquid. To the right, a glass flask also contains blue liquid, with a glass rod or stirrer inside it. The lighting is soft, creating a professional and scientific atmosphere.

Lenava LIMS Plans

Lab Management, Made Easy!

The background of the advertisement is a photograph of a laboratory setting. In the foreground, a clear plastic multi-well plate is visible, with several wells containing a red liquid. A glass graduated cylinder, also containing red liquid, sits on a white base. A glass pipette is shown dispensing the red liquid into one of the wells of the plate. The background is slightly blurred, showing more laboratory equipment and a person wearing a blue lab coat.

**Make your laboratory perfect
with affordable price!**

Lenava LIMS's different plans, modularity
and customizability help you to prepare a
software structure that suits your
laboratory the most.
